

Get *your* LAP-BAND® at TLCEdge.

Over 400 North Texas Physicians Recommend TLCEdge™ to their LAP-BAND® Surgical Weight Loss Patients.

Your physician may already be among this group. Call us today to learn if your doctor is one of the more than 400 North Texas physicians who trust TLCEdge to put their patients on the road to safe, permanent weight loss.

If you are new to the area or do not have a primary care physician, we will be pleased to introduce you to one of these fine physicians.

We at TLCEdge understand that you and your physician are a team, and that following weight loss surgery your long term care is critical to your success. We are ready to help.

We are Partners with Your Doctor.

- **FREE insurance verification**
- **No “Program Fees”**
- **NEVER a Charge For Filing Claims**

Most major health plans provide coverage for the adjustable gastric band. TLCEdge is expert in dealing with insurance providers and will go the extra mile to get your surgery approved and there is absolutely no charge for filing your insurance. TLCEdge will not let a co-pay stand between you and your health and will work with you to set a payment plan that will fit your budget. There are no up front or non-refundable “program fees” required in order to submit your insurance for approval or to file your claims.

Liz, Laura and Tracy - your insurance verification team

TLCEdge partners with excellent surgeons.

Dr. Manuel Castro

Dr. Victor Gonzalez

Dr. Daryl Stewart

Dr. Nirmal Jayaseelan

Dr. Frank Veninga

Each of these very experienced bariatric surgeons has met the strict requirements for achieving LAP-BAND® surgeon certification, are Board Certified surgeons, and are members of the American Society for Metabolic and Bariatric Surgery. They maintain offices conveniently located throughout the North Texas community.

TLCEdge utilizes the latest generation LAP-BAND AP® System.

The LAP-BAND® Adjustable Gastric Banding System helps you lose and control your weight by reducing the amount of food that your stomach can hold at one time. The latest generation LAP-BAND AP® is the most advanced adjustable gastric banding system approved by the FDA.

The LAP-BAND® System advantages:

- Minimally invasive surgery
- Fewer risks and side effects
- Adjustable • Reversible
- Effective Long Term Weight Loss

Over 350,000 procedures worldwide.
Can cure up to 73% of Type II Diabetes.

TLCEdge and Prestonwood Surgery Center

The Texas Clinic at Prestonwood is a state-of-the-art multidisciplinary specialty healthcare center located at 6957 Plano Parkway, minutes from the President George Bush and the North Dallas Tollways. Our TLCEdge LAP-BAND® procedures are performed at Prestonwood Surgery Center, conveniently located in the Texas Clinic. The Texas Clinic has quickly established itself as an exclusive healthcare destination for all North Texans.

No insurance or an exclusion? TLCEdge can help!

We understand that some of you who need surgical weight loss treatment do not have insurance to help pay for it. We are committed to helping you achieve long-term weight loss at a price you can afford. Difficult economic times need not keep you from taking care of your health. We have a limited number of cash or self pay program slots available

starting at \$9,990!

100% Financing is Available
Payments starting as low as \$187 a month*

*With approved credit through CareCredit

Is comparison shopping for healthcare a good thing?

Yes, we invite you to comparison shop other LAP-BAND® programs. We will fully explain everything that is included — *up front*. When paying for health care without the benefit of insurance coverage, you owe it to yourself to ask and we owe it to you to see that you are fully informed.

TLCEdge offers more — there is no comparison
